

Computing systems and networks – Technology around us

Overview

Learners will develop their understanding of technology and how it can help them in their everyday lives. They will start to become familiar with the different components of a computer by developing their keyboard and mouse skills. Learners will also consider how to use technology responsibly and who to ask for help if they see any content or comments online that make them feel uncomfortable.

Sequence of Learning

1. I can identify technology
2. I can identify a computer and its main parts.
3. I can use a mouse in different ways.
4. I can use a keyboard to type on a computer.
5. I can use a keyboard to edit text.
6. I can create rules for using technology responsibly.
