PHONICS

- In June your child will take a Phonics Screening test
- The Phonics Screening Check is used to show how well your child can use the phonics skills they've learned up to the end of Year 1, and to identify students who need extra phonics help.
- The check is a "short, light-touch assessment" that takes about four to nine minutes to complete.

- The checks consist of **40 words and non-words** that your child will be asked to read one-on-one with ourselves. Non-words (or nonsense words) are a collection of letters that will follow phonics rules your child has been taught, but don't mean anything - your child will need to read these with the correct sounds to show that they understand the phonics rules behind them.
